design & construction service

"Your initial no obligation consultation with Lomma Homes is absolutely free."

Lomma Homes offers a complete design and construction service incorporating architectural, interior and landscape design. With our talented team of designers and architects we pride ourselves on our ability to create stunning, integrated designs that truly reflect our client's needs and lifestyles.

Free Consultation and Design Proposal

Lomma Homes offers a no obligation free initial consultation and design proposal. This is an opportunity for you to discuss your vision with one of our professional design team, as well as gain an insight in to the complete personalised in house services Lomma Homes have to offer.

It is also a chance for Lomma Homes to gather information regarding your needs and lifestyle which will ultimately form the basis of your new home.

Once our design team has made a thorough study of your brief we will present you with a design proposal which will outline items such as style, size, budget, family needs and your other particular requirements for your new home.

Innovation and Excellence from Conception to Completion

Lomma homes is uncompromising in accepting only the highest level of workmanship from our dedicated team of trades people and suppliers.

Particular attention is given to the finer details of the home to ensure a superior finish.

In restricting the number of homes under construction at anytime Lomma homes can guarantee quality control to give each client confidence that their investment is of the utmost concern.

"We aim to make the design and building experience one of excitement and enjoyment from the first phone call all the way through to collecting the keys to your new home." Paul Lomma, Director.

Already Have Plans..?

Lomma Homes offer a no obligation consultation with one of our team of professionals to discuss how we can help bring your plans to life.

lifestyle. luxury. lomma.
